

**PRODUCT DESCRIPTION:**

This is a FOGRA-certified semi-matte paper especially developed for contract proofs. The microporous coating offers a wide colour space, brilliant colours and excellent detail in highlights and shadow areas. The low level of optical brighteners offers high colour stability and highly reduced metamerism-effect. This paper is especially suited to create high-quality contract proofs according to the ISO 12647-7 specifications because of its **UNIQUE** white point, which is exactly targeted at the ISOcoated v2 reference white point.

**APPLICATION:**

- High-end Proofing

**PRINTING CONDITIONS:**
